

ENDS AND TRENDS WITH KIM AND KAREN

Karen's Trend Alert: Neon everything! From jewelry to hair accessories and tank tops to shoes, you can't escape the bright lights.

I recall neon being somewhat of a trend back in the 80s. But this time around, the neon affair has recycled its way back to a much more updated and daring fad. I love the hyper pinks, oranges, yellows and greens!

So, get the courage to stand out and get noticed! Add a cute neon summer scarf or trendy belt to your outfit. Put on some bright earrings, bangles or shoes.

During the day, I like a splash of brightness with white shorts or jeans. At night, I adore neon with something darker. Whatever you choose, neon looks great on everyone!
